Data Enthusiast | Business Intelligence | Data Analyst | Data Engineer

About Me

I am a professional BI with over 1 year of experience. I graduated from the Sumatra Institute of Technology with a Bachelor's degree in Physics, with a particular interest in Theoretical Physics. My research field focuses on Mathematical and Computational Physics, utilizing statistical and nonlinear analysis methods to approach problems. I am passionate about roles that require high precision and patience, and my areas of interest include Data Science, Data Analysis, Marketing Research, Business Intelligence, and Data Engineering.

Professional Experience

Business Intelligence Developer - PT. Elgerindo MPI

Jun 2025 - Present

- Explored and implemented Microsoft Fabric to enhance analytics capabilities, including data ingestion, transformation, and semantic modeling for enterprise-scale reporting.
- Designed and developed end-to-end Power BI dashboards tailored for Regional and Branch Managers across Indonesia, providing actionable insights into sales performance, operational efficiency, and regional KPIs.
- Built and optimized data models using Power Query, DAX, and role-based access control (Dynamic RLS) to ensure secure and scalable reporting.
- Collaborated with cross-functional teams to align analytics solutions with business requirements, improve data quality, and standardize visualization templates for nationwide reporting consistency.

Business Intelligence Developer - PT. Mitra Talenta Group (CELERATES)

Feb 2022 - Jun 2025

- Analyzing databases based on business case focus.
- I have created and developed 3 Power BI dashboards and managed (supported) 2 dashboards in Power BI.
- Supporting issue handling for anomaly data, discrepancies, and data enhancement.
- Operating the Data Warehouse using Pentaho Data Integration to run database batches.
- Mentoring 23 students across various campuses in Studi Independen Bersertifikat - Kampus Merdeka.

Marketing Research & Development - PT. Tunas Dwipa Matra

Jan 2021 - Jul 2021

- Conducting surveys on customer behavior and competitor behavior.
- Analyzing customer databases (CDB), including social economic status (SES), occupation, salary, age, city, etc.
- Performing database analytics using Knime, Python, and Ms. Excel to gain insights for marketing strategies.
- Creating a dashboard using Power BI and Tableau to identify patterns in customer behavior for regular customers and repeat orders.
- Updating market information related to commodity prices at the farmer and market level, GDP information, and collecting news about economic developments from official news channels.

Laboratory Assistant - Sumatera Institute of Technology

Sept 2016 - May 2019

- Assisted lecturers in conducting practicum to enhance students' understanding of the lessons taught in class.
- Helped students understand the lesson through laboratory activities.
- Maintained laboratory equipment after regular use.
- Prepared reports on student progress in understanding practical activities in the laboratory.

Education

Sumatera Institute of Technology (ITERA)

Aug 2015 - Mar 2020

- Bachelor Degree of Science (B.Sc.), Major of Physics
- Expertise Group of Theoretical Physics
- Mathematical Physics and Computation interesting study
- Thesis (Final Project) : Traffic Dynamics Interaction Analysis

Skill, Achievement, and Other Experience

Hard Skill :

Microsoft Office (Excel, Word, Powerpoint), SPSS, Scilab, Matlab, C++, R, Pytton (Cleansing, Machine Learning), Tableau, Power BI (Dashboard, DAX), Google Data Studio, SQL (Postgres, SQL Server, My SQL), HTML & CSS.

Soft Skill :

Thoroughness, discipline, strong work ethic, love of learning, leadership ability, systematic thinking, calm demeanor, storytelling, ability to work under pressure.

Professional Certification

No	Program	Organizer	Time Period
1	<i>PROA - Business Intelligence Analyst</i>	Ministry of Communication and Informatics (KEMENKOMINFO) - BINAR ACADEMY	Apr 2023 - May 2023
2	<i>SQL</i>	Progate	Mar 2022
3	<i>Belajar Machine Learning dan Visualisasi Data</i>	Dicoding	May 2021
4	<i>FGA - Data Science</i>	Ministry of Communication and Informatics (KEMENKOMINFO) - STEI ITB	Sep 2020 - Oct 2020
5	<i>Data Analyst Track</i>	DQLab	Apr 2020 - May 2021

Work Project Experience at Client’s Project

No	Project’s Name	Client	Time Period
1.	<i>Table of Duty Dashboard</i>	PT. Mitra Solusi Telematika	Sep 2023 - <i>Present</i>
2.	<i>KPI and Incentive Dashboard Funnel (Supporting Handling Issue)</i>	PT. Mitra Solusi Telematika	Jul 2022 - <i>Present</i>
3.	<i>Innovation Funnel Dashboard (Developed and Supported)</i>	PT. Mitra Solusi Telematika	Aug 2022 - Sept 2022
4.	<i>Activity Based Costing Dashboard (Developed</i>	PT. Mitra Solusi Telematika	Feb 2022 - Oct 2022
5.	<i>DBS Archiving Phase. 2</i>	PT. Mitra Solusi Telematika	Feb 2022 - Mar 2022
6.	<i>Customer Profile and Repeat Order Dashboard</i>	PT. Mitra Solusi Telematika	Apr 2021 - Jul 2021

Project Training Experience

No	Project Name	Organizer	Time Period
1.	<i>Final Project : Dashboard Market Share</i>	<i>PROA Kominfo – Binar Academy</i>	Mar 2023 - Apr 2023
2.	<i>Segmentation Card Credit Customers</i>	Shift Academy	Nov 2021
3.	<i>Lab Challenge : Unsupervised Learning Clustering Universities for Better Treat in US</i>	<i>Shift Academy Learning Festival (SALF)</i>	Nov 2021
4.	<i>Global Store Performance Dashboard</i>	<i>Self Project</i>	
5.	<i>Final Project: Trip Advisor Sentiment Analysis : TF-IDF and LSTM</i>	<i>FGA Kominfo – STEI ITB</i>	Oct 2020
6.	<i>Mid Project : Toronto Bikeshare Data Analysis</i>	<i>FGA Kominfo – STEI ITB</i>	Oct 2020

Trainer and Webinar Speaker Experience

No	Topic	Organizer	Time Period
1.	Future Business Intelligence for Mining Industry	Sains Data - ITERA	May 2023
2.	Building Captivating Interactive Reports with Power BI	Celerates School	Jul 2023
